

Madras® Textures | Crossing Glossy

Vitrealspecchi

Product description

Architonic ID

1559969

Madras® Crossing Glossy: translucent float glass characterized by high light transmission and a particularly silky touch. The décor is mat and perfectly smooth. This special finish thus ensures easier cleaning than traditional satin-finish glass, in both the processing and maintenance phases.

Sheet sizes: 2250/2400 x 3210 mm.

Thicknesses: monolithic 4/5/6/8/10/12 mm; laminated 33.1.

Colours: extraclear, clear, clear.

Compatible processing: all mechanical and thermal processes associated with glass.
